

See Your Art, not Your Reflection with Museum Glass®.

Regular Glass vs. Museum Glass

Tru Vue® Museum Glass has the highest quality anti-reflective picture framing glass available in the industry. Now you can see the true colors and fine details of your art. If that isn't reason enough to use Museum Glass you also get 99% UV protection against harmful indoor and outdoor light sources which can cause fading and discoloration of your artwork.

For a limited time, use promo code TV20 and receive \$20 off your framing order when you upgrade to Museum Glass at www.fulcrumgallery.com.

Museum Glass®
99% UV protection. Amazing clarity.
